

**When awareness joins with your ears,  
then listening happens.**

**When awareness joins with your eyes,  
then seeing happens.**

**When awareness joins with your hands,  
then touching happens ...**

*moving beyond robotic behaviour through awareness ....*

*awareness is all - in fact, it's the center of true humaness*

*and constant practice is the way for developement of yourself, becoming a blessing for the earth*
