

Kiesha spricht über Kornkreise, Ufos, Kristallschädel, Kristalle...

Kiesha Crowther Little Grandmother, one of the 12 young Shaman wisdom keepers to establish the "Tribe of many colors" recently was on a European Tour spreading her message on how to start living from the heart. This is the 3rd video from the Zurich workshop covering questions from the audience on subjects such as crop circles, star beings, God, UFO sightings, the purpose of crystals and who are the 12 Wisdom Keepers. Recorded on November 2/3, 2010. Don't worry about the small cuts in the video; it is due to editing out the German translations to make it more compact, keeping only the English original.
